# Venue

## City: Marseille

Located on France's Mediterranean coast, Marseille is the country's largest port and one of its oldest cities. Founded by Greek sailors as a trading port, the city is a unique cosmopolitan melting pot of French, Greek, Italian, Corsican, Armenian, Russian, Spanish and African - to mention but a few. It is also a regional centre for culture and entertainment, with its opera house, museums, art galleries and theatres. For centuries, the Old Port dominated the cities activities, but today, all of Marseille's port activities now take place along the coast at the New Port, while the Old Port has been developed into a thriving tourist attraction and contains many restaurants, shops, bars and hotels.

## Course venue
